TT Fighting Robocalls and Spoofing

Robocalls are the number one consumer complaint received by both the FCC and the FTC. Telcos continue to field complaints as well. The fight against unlawful robocalls and Caller ID spoofing is taking place on several fronts. Hear how you can protect your subscribers. Explore steps you can take now to limit unwanted robocalls, and learn about call authentication technology that promises to combat spoofing.

FOR: TELCO STAFF
 Certificate Course Code: P101

TT A Practical Guide for Futures Planning (does not repeat)

The NTCA CEO Futures Group has been working for the past year on resources to support the future development of the rural telco. Taking many factors into consideration, such as competitive

landscapes, size of company and funding structures, the resources provide a comprehensive set of challenges, issues, and opportunities for use in your own planning. CEOs will share their findings and help you consider paths to a successful future.

FOR: DIRECTORS, TELCO STAFF, KEY EMPLOYEES
Certificate Course Code: B106

10:15 a.m. – 11:15 a.m.

DIRECTOR TRACK CONCURRENT SESSIONS

DT Developing Directors for Today's Broadband Industry

The Board of Directors' insights and skills have always been important in guiding local carriers. However, fast-evolving financial, competitive and transactional opportunities and risks require that Boards themselves should evolve. This session will focus on the importance and rationale for developing specific capabilities to meet the needs of today's communications carrier.

FOR: DIRECTORS
Certificate Course Code: B112

DT Shifts in Culture and Technology

Shifts in technology and the swift growth of internet culture is changing the telecommunications landscape. Directors can play a significant role in taking advantage of these shifts by embracing change, envisioning their company's future, anticipating needs, and helping leadership to prepare, engage and win.

Brought to you by the NTCA Associate Member Advisory Council
FOR: DIRECTORS
Certificate Course Code: G108

10:15 a.m. – 11:15 a.m.

Cybersecurity for Attorneys

Megan Brown, Attorney, Wiley Rein LLP

Cybersecurity is a crucial and ever-present topic of concern for any telco, but where does counsel come in? This session examines the important role the telco attorney plays in a variety of cybersecurity scenarios, and also considers the cybersecurity challenges attorneys face in their own small practices.

11:15 a.m. – 12:15 p.m.

Complying with CALEA and DMCA

Tamber Ray, Regulatory Counsel, NTCA

Ensuring clients' full compliance with a variety of legal obligations is a key role of any small business attorney. This session focuses on two areas of federal compliance obligations unique to the telecom sector: The Communications Assistance for Law Enforcement Act and the Digital Millennium Copyright Act.

12:30 p.m. – 4:30 p.m.

Tour 4: Lakes Cruise: The Backyards of the Rich & Famous

What do young adult customers have to say about their usage and consumption? Whether streaming, TV</p>

or broadband, what do they want from you now? What you'll hear will surprise you.

The Psychology of Illusion

Vinh Giang, Entrepreneur, Magician and Communication Coach

In 1997, "The Masked Magician" revealed to the world secrets from the art of magic; this threatened the very existence of the craft. What took magic to the brink has given it the greatest opportunity to innovate and thrive. Giang shares with you the power of perspective and how collaboration can help you to create new solutions rather than fix old problems. Learn one of the most powerful tools that will help you craft the future you desire.

10:00 a.m. – 4:00 p.m.

4:30 p.m.

TOUR 5: Waterfalls & Wine Tasting

NTCA Legal Seminar at Fall Conference Adjourns
