EPICTOUCH Board Names Becky Scott as Interim President following loss of CEO Trenton D. Boaldin.

Elkhart, KS., January 22, 2020 — The EPICTOUCH Company Board of Directors met on January 20, 2020 for a specially called board meeting and voted in Becky Scott, Chief Financial Officer, as interim President of EPICTOUCH Company.

Late CEO Trenton D. Boaldin passed earlier this month after a brief battle with Leukemia. His passion for rural telecommunication and its ability be the great equalizer for rural main street was well known throughout the industry.

Dian Boaldin, owner of EPICTOUCH, shared “Our loss is immense. Becky has been a valued and trusted employee of the company for more than 20 years. She understands the company mission, vision and values and I can think of no better person at this time to ensure stability of our companies as we continue to move forward.”

“Trent was a strategist, where we go next is not a mystery. Our goals and our commitment to delivering next generation broadband services has not changed. We are a third-generation communications provider and we will implement those strategies so that we can continue to bring customers together... Trent wouldn’t have wanted it any other way” remarked Scott.
